*Enterprise Learning* encourages our students to strive to be confident, resourceful and innovative. We aim to inspire the youth of today to be the entrepreneurs of tomorrow through wide ranging Business and Enterprise initiatives and activities.

An *Enterprise activity* is any activity that can help a student to enhance the key skills of Enterprise each one of us possesses. Enterprise is not necessarily about running a business - it is about realising and releasing potential through exercises tailored towards financial literacy, economic and business understanding and Enterprise capability.

Enterprise activities can take the form of a structured lesson, talk, presentation, discussion, group work, individual study, role play, game or research.

Enterprise Key Skills: Decision making. Innovation. Personal & social responsibility. Team working. Management.
